

Division Council Membership

January 4, 2023

FROM THE SECRETARY TREASURER

Historically, when a local represents members who are eligible to participate in multiple division councils at the CFT Convention, membership breakdown for the purpose of council elections was determined by the Elections Committee's analysis of the local's per capita. Starting at the 2014 CFT Convention, it was requested that locals with a mix of representation formally provide the breakdown of membership they preferred to be represented in each council. The councils are the Early Childhood/ Transitional Kindergarten-12 Council (EC/TK-12), the Council of Classified Employees (CCE), and the Community College Council (CCC).

To complete this form, refer to your October 2022 per capitas and allocate members for whom the local paid per capitas to their corresponding council. The three lines should total no more than the number of members on your October 2022 per capita form (which should exclude agency fee payers). Example: Local X paid for 100 members in October: 30 members are classified in the CCE, and 70 are certificated in EC/TK-12. (No agency fee payers are included in these figures.)

Note: If this form is not received by March 3 at 5 pm, the allocation from the previous year will be used. Feel free to contact me if you have any questions.

In Unity,
Luukia Smith, Secretary Treasurer

LOCAL NAME

LOCAL NUMBER

SIGNATURE OF LOCAL PRESIDENT OR TREASURER

Please provide the number of members in your local union to be represented by each council listed below. The **total should not exceed the number of members** reported on your October 2022 per capita form.

Division Councils

_____ Community College Council (CCC) representation

_____ Council of Classified Employees (CCE) representation

_____ EC/TK-12 Council (EC/TK-12) representation

_____ TOTAL members
